* Enumerator first put Galicia and then crossed it out to just list Russia. Most likely that is the area that they were from -Galicia.																									
As for Galicia...most of it was part of the Austro-Hungarian Empire until 1918.part of the Soviet Union after World War II.																									
The remainder was part of the Russian Empire during this period.																									
Between 1918-1940, it was part of Poland. During World War II, the Soviet Army occupied eastern Galicia and never left.																									
It was occupied by the Russians 1918-1920
